

Analysis	Inputs
Closest charging spots	Point in the map
Distance to closest charging spot	Point in the map
Average occupation of close charging spots	Point in the map
Closest PT station	Point in the map
Points of interest in some radius	Point in the map
Status of electrical network	Point in the map
Density of people owning electrical vehicles within a radius	Point in the map

Parameters	Output
How many spots to show	Return the charging spots objects Show distance to closest spot
How many spots to make the calculation	Average occupation of closest charging spots Distance to closest PT stop
Radius	POI within the radius Status of electrical network
Radius	Density
